

27 February 2008

Dear Patt

When I visited you two weeks ago for my regular 'maintenance' treatment, I had been suffering with a bad headache for two days which did not respond to paracetamol. I also felt generally achy and tired.

After my hour's treatment with you, I can honestly say that my headache literally disappeared and by the evening I felt 100% better. In the past, I have found your treatments to be swift and effective yet I am still amazed that you were able to help me so effectively on this occasion and felt I had to say 'thank you'.

For anyone seeking a relaxing and gentle way to relieve their aches and pains, I would have absolutely no hesitation in recommending your services.

Thank you again.

Kind regards,

Mango
